

HEADTEACHER'S MESSAGE BOARD

Jesus said, 'Whoever loves me will keep my word, and my Father and I will live in them and love them'. (Jn 14:23-29). When we read and listen to the Scriptures we are hearing God speak directly to us. His Word is a living Word, and we need to listen to it, with not just our ears, but our minds and hearts as well. All of God's words are brought together in the person of Jesus, who is the Word of God made flesh. In this week's Gospel reading also, Jesus tells of how the gift of the Holy Spirit will be sent from God; 'The Spirit will help you to remember my word and teach you all that you need to know'.

Jesus came to save the world from sin and show us how to love and please God. He gave us standards and commandments to live by, which guide us in the direction of the heavenly Father and eternal life. God sent the Holy Spirit to help us to understand that when we hear God, through the holy scriptures, God is speaking to us and calling us to put Jesus' living love into action every day.

Loving Father,
May we hear God speaking to us today,
Give us the strength to live by God's Word every day.
Holy Spirit, help us to follow Jesus' example and keep us true to Your ways.
Amen.

Keeping children safe online

Do you know who your child is engaging with online? Is an adult in the same room as your child when they are playing games and 'chatting' to other participants? Do you talk to your child about online safety and are you sure they know what to do if they see an image that causes them distress or makes them feel uncomfortable? Please visit the National Online Safety platform to help you keep your son or daughter safe online.

What parents need to know about Discord

Launched in 2015, Discord has steadily emerged as a major player in the online communication marketplace – certainly as far as gamers are concerned. Indeed, with the ability to coordinate gameplay and talk tactics with multiple fellow players in real time, it has also become the collaborative platform of choice for many professional e-sports competitors.

The flip side of Discord's success is that – in addition to genuine gamers who simply want to improve their playing experience or discuss their favourite titles – it's also attracted unsavoury individuals who use the platform to post extreme political views, belittle other users or share explicit content. Our #WakeUpWednesday guide tells trusted adults what they need to know.

Warning: No Holidays in Term Time

Please book holidays for when school is closed. We do not authorise any holidays in term time **and fines will be issued for taking your child/children out of school during term time. Please be mindful of the travel restrictions in place and the need to self-isolate after visiting certain countries.**

Attendance and Punctuality is a HUGE part of Keeping Children Safe

Staff in school have a **legal duty of care** for all pupils in

school and **it is the law that children attend school every day.** Parents/carers must contact school on the 1st day of their child's absence by either telephoning 01274 545743 or by text message on 07624806369. We expect pupils **to arrive on time, ready for learning.** Punctuality is an essential life skill needed for the world of work. **Please understand that there is a child-care fee of £1, per child, for every 5 minutes pupils are collected late at the end of the school day. Thank you for your support to be on time.**

Happy birthday to you, happy birthday to you,
happy birthday dear

Raheem, Ranaya and Eleanor

happy birthday to you! Hope you have a special day.

Good Morning,

My name is Anisa and I am an accredited and certified, Positive Parenting Coach, teacher and mother with 20+ years of experience working and supporting children and families. I consider myself an expert in my field who specialises in empowering and positively transforming the lives of parents and their families.

During June, I am running two FREE Parenting Clinics focusing on Behaviour and how as parents and carers we can best support our child(ren). If you feel the topic is relevant to your community then I would be grateful if you could share it in your newsletter, email communications, on your website or however you see fit.

There is an outline of the Clinic below which you can cut and paste into communications as well as links to visuals that you can use including the themes of the clinics I am running until July.

It's really important to me that support for parents & families is accessible to everyone - so I do my best to pack these Clinics with help and guidance that parents can implement immediately at home.

Held in a group session and hosted on Zoom, the clinics last 30 minutes and are your communities chance to benefit from my years of experience in a safe space. Members of staff are also welcome to join. Participants are made to feel welcome and there is no expectation for videos or microphones to be on unless the participant chooses to.

I would be grateful if you could forward this email to your parent community, relevant members of staff or anyone you feel might like to join.

In addition to offering these free clinics, I also work with schools and parents to provide talks, workshops, training and coaching. If this is of interest, do reach out for more information.

Best wishes,

Anisa
